The State of Florida has one of the largest consular corps in the United States. Consular offices serve as official representatives of a foreign country to provide assistance to that government's citizens living or traveling in other countries. Florida's consular corps is home to consular missions and official trade and commercial offices from 85 countries. Miami-Dade County has the largest concentration in Florida, with 71 consular, commercial and trade offices that represent 63 countries.

Thirty-seven (37) consuls general can be found in Florida. They are the highest ranked representative at a consular office and accredited by the United States Department of State. Another 72 honorary consuls are recognized by the U.S. Government. These honorary consuls are American citizens or permanent resident aliens appointed by a foreign country to provide limited consular services to their citizens living or traveling abroad.

A sister city relationship is a long-term, cooperative relationship between two cities in different countries through which cultural, educational, business, and technical exchanges take place. It is formalized when two mayors (or highest elected/appointed officials) sign a memorandum of understanding establishing a sister city relationship. Activities are usually organized and implemented by volunteers, local institutions, and municipal employees. A city may have any number of sister cities.

Sister Cities International (SCI) is a nonpartisan 501(c)(3) nonprofit organization that serves as the national membership organization for individual sister cities, counties, and states across the United States. Sister Cities International recognizes 170 international partnerships with 26 Florida communities. Florida has the second largest number of sister city relationships according to the organization. Please note that this number is not representative of all sister city relationships in Florida and only denotes those currently active with SCI. Membership in the organization is not a requirement for U.S. cities, counties or states.
